Subject: RE: Follow up from CFAC Liaison Panel Meeting

Thanks, Cynthia.

While working on the meeting minutes, I found two more items for follow-up.

- The estimated cost of EPAs community involvement plan/options.
- If the EPA website's comment section for this project still open.

Hi, Kristi.

Yes, I can have our responses to you by noon Friday.

Thanks!
Cynthia

Hi Cynthia,

I fared better than Mary, but in the end we made it home safely.

I reviewed your list of questions from last week's meeting and have a couple of things to add:

1. What percentage of comments received were supportive of listing compared to the percentage of those against listing.
2. If the comments are publically available, you agreed to share the docket information. Please provide this information in your response.

Is it possible for you to provide responses to these questions by noon Friday? If not, please let me know when I can expect to receive them.

Thank you,
Kristi

Subject: Follow up from CFAC Liaison Panel Meeting

Hi, Kristi.

I'm hoping that you and Mary are able to get home today!

As we discussed after the meeting last night, I kept a list of follow up items for EPA, but you thought you might have captured some to-dos for us that I missed. Below is my list of questions and follow-up items. If you have any additional questions we need to answer or actions we need to take from the meeting please let me know.

Thanks, and safe travels!
Cynthia

How many public comments were received on the proposed listing?
Are the comments publicly available?
Who makes the decision of final listing at EPA?
What is the process for listing after a site is proposed?
What is the cost of public involvement?
Send out link to Web site.
Send presentation slides to Mary. (Attached)
Add link to MDEQ Web site on EPA site.
